

# ARE YOU KEEPING AN EYE ON YOUR CUSTOMERS' CREDIT?

## Monitor customers for risk or opportunities

Business Account Monitoring helps you monitor key customer metrics for changes to:

- + Financial health
- + Credit scores
- + Public record filings

You can also set up alerts so you can better assist your customers with their evolving needs.

## Monitor Portfolios to spot early signs of trouble

- + **Business Notices** – Get the most recent negative changes to a customer's financial status weekly and bankruptcy filings daily.
- + **Owner Notices** – Learn when the owners or guarantors are having financial difficulties long before your profit margin is impacted.

A leading provider of business data, **Credit Plus** helps businesses make more informed credit decisions and mitigate risk with:

Unmatched customer service

Superior credit data

And, no long-term contract!

## SCORE PORTFOLIOS TO IDENTIFY RISKS AND OPPORTUNITIES

### Maximize Profits

Reduce delinquencies and write-offs and mine for additional revenue opportunities from your good customers.

### Save Time & Money

Focus only on those customers who pose a credit risk or show potential for additional revenue.

### Refine Credit Policy

Identify trends to drive changes to your credit policy and practices.

## Get Business Account Monitoring FREE

through the end of 2020 when you sign up for our business reporting services.
